# IMPORT AND EXPORT

AGRICULTURAL PRODUCTS *(from Europe and Overseas)*

**Drotar Consulting scope of activities is involved in world trade and specialized in the agriculture sector. A compelling reason is the European Union imports and exports goods worth hundreds of millions of euros every day. The EU is the most significant exporter of manufacturing products and services in the world and the largest export market for around 80 countries.**

# ABOUT US

## COMPANY HISTORY

*Drotar Consulting founded in 2018 and now is a Hungary registered international trading company that specializes in wholesale agricultural products, organic and non-organic and general commodities. We offer the best quality in our agricultural products, importing and exporting fresh and processed European, African, Asian and South American goods, with excellent quality standards for the international market.*

*We also ensure the legal background, contracts are concluded with the assistance of our lawyer. Our in-depth knowledge of the market and effective administration are a guarantee for our customers. Our team is also in contact with foreign investors, so we are not only offering to domestic interested parties in our database. No matter where the product located what you want to buy or sell we can certainly help you.*

*Our consulting activities were initially related to real estate and financial services, then our clients demanded that they be able to ask for more advice, about their company's management and investments possibilities. Based on the experience accumulated during our work over the years, as well as the full range of effective business practices related to economics, accounting, finance and real estate, we have realized that we can meet these needs to the maximum extent, for the implementation of many foreign languages. On the basis of these, we included investment and investment consulting, along with domestic and foreign trade in our scope of activities.*
